WHY WATCHDOG MATTERS (& WHY YOU'LL LOVE IT)

Watchdog is your always-on ATM bodyguard. It protects your network, boosts reliability, & fixes issues before they cause downtime, with no action needed from you.

- **Stronger, Safer Connections** – Built-in, manufacturer-approved security with optimized wireless hardware.
- **24/7 Monitoring** – We catch & fix problems before they impact your bottom line.
- **Real-Time Threat Protection** – Shields your ATMs from hackers, fraud, and third-party tampering.
- **Expert Support** – Fast help from pros who live and breathe ATM networks.

No sketchy Wi-Fi. No mystery failures. Just safer, smarter uptime.
