

ONE KIOSK, MULTIPLE LINES OF REVENUE.

A 24/7 self-service cash and ticket-redemption hub your locations will ask for. It is a kiosk first: ATM access is one of six functions in one compact unit, and every one of them earns.

PORTFOLIO

SIX FUNCTIONS IN ONE
COMPACT FOOTPRINT.

REVENUE

SURCHARGE, FEES, AND
CARD MARGINS.

FLEET

CLOUD MANAGEMENT AND
REMOTE DIAGNOSTICS.

SUPPORT

INSTALLED AND SUPPORTED
BY CLEAR CHOICE.

SIX SERVICES. ONE FOOTPRINT.

ATM

Secure withdrawals and balance inquiries, 24/7, with Rollover when a guest hits their daily limit.

BILL BREAK

Large bills exchanged for custom mixes of \$20s, \$10s, \$5s, and \$1s, tracked by denomination.

CASH ADVANCE

PIN debit when ATM limits run out, with full fee disclosure before every transaction.

TICKET IN, TICKET OUT

Buy tickets, redeem winnings, and choose a payout: cash, digital gift card, or virtual Visa® / Mastercard®.

CASH TO CARD

Cash in, prepaid Mastercard® out. Physical or virtual, with no bank account required.

BUSINESS CENTER

Staff-only store deposits, till-float bill change, and register funding with employee ID audit logs.

WHERE IT FITS

C-stores with skill-based gaming terminals, route-operated gaming locations, and gaming lounges and entertainment centers. Seamless integration with Pyramid, Axes AI, and EasyLinx lets players redeem tickets on the spot.

ADD THE KIOSK TO YOUR PORTFOLIO

EVERY PLACEMENT EARNS LIKE SIX MACHINES

SURCHARGE

A full-service ATM in every unit drives reliable surcharge revenue.

PER-TRANSACTION FEES

Cash Advance earns on every transaction once daily limits are reached.

CARD MARGINS

TITO payouts to digital gift cards or virtual cards generate significantly higher margins than cash-only.

YOU MANAGE THE FLEET. WE INSTALL AND SUPPORT.

Run each unit standalone or manage the whole fleet from the cloud, with real-time monitoring, alerts, and remote diagnostics before a location calls you. Clear Choice installs and supports every kiosk, so your locations do no branding or setup work.

THE PITCH YOUR LOCATIONS WILL HEAR

BUSINESS CENTER

Staff-only cash management built into the same kiosk their customers use: Store Deposit with validation, counting, next-day credit, and audit trails; Store Bill Change for the till; on-demand Cash Register Funding. It replaces a separate safe-deposit machine and cuts cash-handling risk, theft, and labor.

BILL BREAK FOR THE TILL

When the register has only large bills, staff go till to kiosk and back, instead of waiting on a manager.

COMPLIANCE-READY

Ticket Mode with mobile ID verification for regulated locations, complete audit trails, and centralized controls.

A CAPTIVE SCREEN

Bill Break creates a captive audience for on-screen advertising and upsells.

- ✓ 24/7 self-service
- ✓ Mini financial hub
- ✓ Drive foot traffic

- ✓ Drives up revenue
- ✓ Increased average transaction value
- ✓ Reduced operational costs

- ✓ Customer loyalty
- ✓ Enhanced security and compliance
